

Email Problem Solved

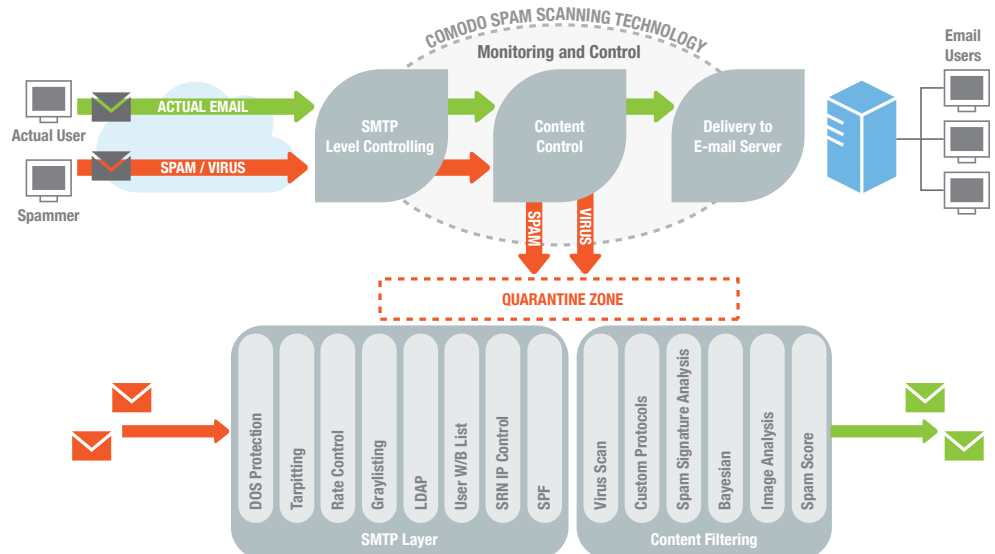

Comodo Dome Antispam Gateway

Comodo Dome Antispam Gateway allows total email freedom without worry. Incoming emailed files are safe to open, access and execute without risking infection; users, devices and your network remain safe.

“There is so much malware and spam in the world today... Comodo technology contains all threats – known and unknown – and keeps my IT environment secure.”
~ Enterprise Customer

Goodbye Email-Borne Malware, Hello Total Email Freedom

Comodo Dome Antispam Gateway solves your email-borne ransomware, virus and spam problems – all with one cloud-based solution. As a critical module in the Comodo Dome Secure Web Gateway Platform, Comodo Dome Antispam Gateway includes multiple layers of advanced protection to secure against the newest email-borne attacks and also provides web-based email access and spooling to ensure business continuity. Comodo Dome Antispam Gateway is integrated with Valkyrie, our verdict-based file analysis platform, which in conjunction with portable containment allows you to fully isolate threats in-flight even if they have never been encountered before.

COMODO
